

**WILLARD CITY SCHOOLS  
TRANSPORTATION OFFICE  
955 S. MAIN ST.  
WILLARD, OHIO 44890**

**AUGUST 2008**

**Dear Parents:**

**Our transportation department needs your assistance and support to ensure that we all can provide a safe environment for the transportation of our students.**

**Our bus drivers yearly have completed four hours of in-service focusing on assertive discipline, emergency procedures and numerous other topics. In order to continue to provide your child with safe transportation to and from school, we have asked our drivers to stress and enforce the safety rules.**

**It is important that all students understand that school bus is an extension for their classroom and that classroom behavior is expected on the bus. Please review the bus safety rules provided above.**

**We ask your cooperation in reminding your child of these important rules. If you have any questions concerning your child's school bus transportation, please feel free to contact me at 419-935-1541 ext 2311. In addition, you may also email me at [lillo.mike@willardschools.org](mailto:lillo.mike@willardschools.org).**

**Again, the safety of you child is our first priority and we very much appreciate your support.**

**Safety First,**

**Michael A. Lillo  
Transportation Director  
Willard City Schools**
